

DIANELLA VERMENTINO 2020

The grapes are harvested from a vineyard whose soil is quite unique, rich in minerals and complex substances, dating back to the Pliocene era when it was under the sea, and thus also rich in fossil shells. A white wine, fresh and savoury with a marked minerality, the wine is ideal for an aperitif but also pairs well with white meats and seafood.

DIANELLA ORGANIC CHIANTI 2020

The grapes are those typical of Chianti, with a prevalence of Sangiovese and Colorino, and the style is deliberately traditional. Fresh and fruity while at the same time balanced and round, it is the ideal wine for every season and occasion. An excellent match for soups, salami and red meat, its personality can be experienced in diverse pairings. It can also be served with elaborated fish preparations, like cacciucco and baccalà (salted cod), though at a cooler temperature of 14/16° C.

DIANELLA VEGLIE DI NERI 2019

Le Veglie di Neri is a blend of Dianella's traditional grapes of Sangiovese and Cabernet Sauvignon. It is a very drinkable and persuasive blend which can be enjoyed young, though it continues to improve with a couple of years aged in the bottle. It is at its best when paired with slow cooked beef, meat roasts and lamb. It can also be enjoyed with more structured pasta dishes, and mushroom based recipes.

DIANELLA IL MATTO DELLA GIUCAIA 2017

Il Matto is Dianella's 100% Sangiovese, beginning with the selection of our best Sangiovese grapes from the estate, and perfected in small French oak barrels. The Sangiovese is the embodiment of the essence of Dianella's terroir, capable of creating unique emotions; its finish reveals an elegant balance of tannins, and a great complexity. Excellent to be savoured on its own, and also as a pairing for game, grilled meats, and aged cheeses.
